WICKHAM, NEWCASTLE.

INTRODUCTION.

To our many Patrons and the
General Public.

We have much pleasure in submitting to you our Current Price List of Timber, Mouldings, Joinery, Turnery, and other classes of Material suited to the building trade and most respectfully solicit a careful perusal of its contents.

Being direct importers of foreign timber, such as Oregon, Redwood, Kauri, &c., and always having on hand a large and well-assorted Stock, builders can rely upon getting promptly served at the Lowest Possible Prices.

We are pleased to add that the success that has attended our efforts in the past has encouraged us to largely extend our Band Mill premises and plant. Our present Steam Saw Mills and Joinery Works have been largely extended in all departments. A new Band Re-saw, capable of cutting timber all widths, to the least possible thickness, also a new Dressing Machine, both with the very latest improvements, have been added. These machines, in addition to our present large and extensive Saw Mill and Joinery Plant, place us in the position of having one of the most up-to-date Timber and Joinery Establishments in the Commonwealth.

To cope with the increasing demand for Hardwood, we have erected an up-to-date Mill at Allworth, Booral, in the very heart of a fine timber district. We can now supply orders for any kind of Hardwood at the shortest notice.

Our foremost aim is to study our Customers in every respect. Our long experience, together with our personal supervision, enables us to give attention to the prompt delivery of all orders entrusted to our care.

We are prepared to quote **WHOLESALE PRICES** for **R. R. HOOP PINE, OREGON and REDWOOD** in large quantities.

Soliciting your correspondence, and guaranteeing prompt and satisfactory service,

Yours very truly,

ARMSTRONG & ROYSE, Limited.

Best quality Hardwood and Tallowwood Floorings.
